

YEAR 2025 PROPHECIES BY PASTOR TOYE EBIJOMORE

The Founder and General Overseer of God's Anointed and Blessed Church International, Pastor Toyé Ebijomore who is known for his consistently fulfilled revelations and prophecies has unveiled the year 2025 revelations and prophecies being made known to him by the Lord. He said these at the church headquarters in Akure during the crossover service to the New Year which equally ended the annual 40days prayer and fasting of the church, being usually occasioned with a New Year feast for the multitude of people. The gathering in each of the sacred 40days had witnessed various revelations and prophecies; God's wonders, testimonies by individuals, and some warning from the Lord to the public, but the year 2025 revelations and prophecies were released before the mammoth crowd at the crossover service,

When the prophet of God had successfully led the church in prevailing warfare prayers to cross the year over, he gave turn for the congregants to individually and quietly go into a long time intense supplications of their plans for the New Year to God until he made the happy New Year shouts and the New Year victory dance followed. He thereby opened the revelations and prophecies session with Deuteronomy 29:29 saying, 'The secret things belong unto the LORD our God: but those things which are revealed belong unto us and to our children for ever, that we may do all the words of this law'. He firstly ascribed all the glory to God for the grace on him as His messenger, thanked Him for always confirming his words and performing his counsels, and began releasing the revelations and prophecies given to him by the Lord as follows:

1. This is a year of God's counsel for grace upon grace and divine solution to problems. The Lord will multiply grace for everyone that takes to His counsel in this year and make them receive divine solution to the worries on their ways. Hence, people should not seek or take counsel from the ungodly source.
2. In this year, many people will give testimonies of divine solutions to the situations in their lives that had seemed impossible and joyful greetings of congratulations to people will also be many.

3. The Lord reaffirmed to me that the six years set time has come for Nigeria to arrive the solution haven and start getting better for four years period of her real beauty when some Nigerians abroad will begin returning to be established at home.
4. The Lord lifted me up in the air to see Nigeria at a glance and I saw infrastructural developments, many beautiful things, and people, but they were dissatisfied and condemning the government for continuous high costs of things without solution. I saw that many people actually experienced much income in this year, but while income of some people were equal to their expenditures, that of some were far lesser than their needs. Unless the government find means to reduce the high cost of things in Nigeria, its efforts and achievements will not receive the praises of people, but serious condemnations that will cause great promotion to its enemies.
5. The Lord is worried of the cries of Nigerians, and He will do well to us as He has promised, but I see multiplying crisis, confusion, and inconvenient doings of people in our midst. My counsel from what I saw thereof is that Federal government should beware of a crisis that will start in a little way but will mysteriously change to almost uncontrollable situations.

6. The Lord took me into another vision wherein I saw a well dressed giant that sat on the floor with chains fastened on his hands and legs. I will counsel from what I gathered in the vision that Nigeria should beware of taking loans without deep thoughts, and to watch carefully against a huge grant on its way but which is a mere tantalizing bait. I saw further in this vision that some external powers are in plans to create a new crisis for Nigeria which will result into great confusion and divided interests of some countries over some

portions of Nigeria. The Lord said more to me, but I must seal it for now. We must watch and pray!

7. In another revelation from the Lord, I saw regional agitators of two regions of Nigeria in a plan to collaborate and hatch common strategies but they betrayed one another in their course and Nigeria was saved from their planned calamities. My counsel on this is that the Federal Government should strengthen the concerned securities and make them more sensitive than ever.
8. We cannot stop the acts of God in the occurrence of natural disasters upon the earth, because the acts of disobedience of people to Him and their wickedness are multiplying by day. Hence, fire, flood and other disasters are not unexpected and they are not what I should be enquiring from the Lord, but let us pray against wild whirlwind in Nigeria and for sure safety in our airspace. I have taken time in my sacred 40days to pray and I here also prophesy divine safety over our airspace in Jesus name. Meanwhile, the concerned authority should ensure that diligent maintenance exercises are duly carried out on the aircrafts in our air space.
9. The Lord made me saw a vision of various groups coming together to form a very strong political party that can take up the federal power in 2027, and they truly formed the bond, but they could not achieve it due to their bond being not as being strong as they proposed.
10. I saw that the intending political party struggled seriously for registration but it was finally not as they actually wanted it. Also, they should pray earnestly for a very prominent personality among them to see the elections and they should be very fervent in prayer against misfortunes that will greatly weaken their bond even to a break off.
11. We must start works of peace and serious prayer towards the 2027 elections from now because I saw that it was held, but as a war and as the worst election battle ever in Nigeria. Unless we take heed and acts accordingly, reconciliation will be almost impossible and regional bridges will be greatly threatened to a near collapse.

12. The Lord insists that President Bola Ahmed Tinubu should honour Him with a call for National Prayer that will let Him disapprove evil plans against Nigeria and give true peace and great prosperity to Nigeria under his administration.

13. The Lord's demand from President Bola Ahmed Tinubu to convoke the national prayer for the redemption and restoration of Nigeria was contained in my 2024 published prophecies. I sent letters to him, did press conferences and press interviews about it, saying that the Lord mandated me to tell the instructions for the national prayer to him confidentially or through his assigned aides. He is a good and godly leader, but since some powers are preventing his awareness and adherence to the divine message, the Lord has given me grace to share some of them now and they are as follows.

14. **Date and Venue:** President Bola Ahmed Tinubu should convoke the national prayer for 3 days from a Tuesday to Thursday at an open air ground of the Aso Villa.

15. **Attendance:** The attendance should be President Bola Ahmed Tinubu with his cabinet members; all the state governors; National Assembly members with speakers of the state assemblies; Chief Justice of Nigeria with the chief judges across the federation; former Nigerian Heads of State and Presidents; Head of Service of the federation with the Head of Service of each state of the federation to serve as representatives of the civil servants; some notable political aspirants to serve as the representatives of the general politicians; some notable Traditional Rulers from the six geopolitical zones representing Nigeria tribes and traditional classes; some nobles across the federation

representing the Nigeria rich classes; some men, women and youth among the poor masses from each state, some leaders of the Christian and Islamic faith; and every other as found pleased by Mr. President.

16.The prayer: Selected servants of God will congregate for the first two days to observe specific intercession with fasting but at the main gathering on the third day, President Bola Ahmed Tinubu will stand on behalf of the past Nigeria leaders and ask God for forgiveness and mercy over our sins and faults on our six foundations.

- (i) The perceived deceits and the laid curses thereon in January 1914.
- (ii) The perceived betrayal over October 1, 1960 and the laid curses thereon.
- (iii) Every wrath over October 1, 1963 and the laid curses thereon.
- (iv) The blood guiltiness from January 15, 1966 and the laid curses thereon.
- (v) The manipulative covenants on December 12, 1991 and the aftermath curses that is causing the good policies of the government not to have impact on the masses.
- (vi) The curses of unrest and no peace that were laid by the angels of God on December 24, 2011 and thereafter.

Thereupon, the president will ask God to grant redemption, restoration and peace to Nigeria, which will be rounded up by some selected clerics who shall make the specific prayer points that the Lord has instructed.

17.Prayer in every State: The governor of each state will return to hold statewide prayer of similar manner in their various states, but as being peculiar to each state and for three (3) days per month for three (3) months.

18.Daily blessing on Nigeria by Nigerians: The president will make means for cheaper, stable foods being label as '**God Bless Nigeria**'. The government will buy the foods directly from farmers and other producers and bargain with manufactures of stable foods for the packages. By this, daily blessing are

being said upon Nigeria by Nigerians and everyone while buying and eating the foods.

- 19. Solution to regional agitations.** This is a very vital instruction that will blot out the regional agitations and give sustainable peace across board while Nigeria will remain as one. Meanwhile, it was not part of what the Lord permitted me to share publicly but only with Mr. President for him to share with the Vice President, Senate President, Speaker of the House of Representatives, Chief Justice of Nigeria, and the Honourable Minister of Justice and Attorney General of the federation.
- 20.** The governor of Oyo State should beware of the top people around him because I saw a 'Judas' coming near to give him a kiss and the rest became a regrettable story. He should seek the face of God before showing interest in another office to serve his people.
- 21.** The two gates of the glory of Ondo State, which the Lord revealed through me in six years ago, is set to be opened by the new administration that will commence in February this year and it will begin the restoration era for successive administrations in the state. However, I saw that while we thought all was over and people were hoping to start enjoying the government, evil deals were ongoing to turn the heart of the governor against whoever will truly help his government to succeed. Hence, practical prayer using the counsels of the prophets of God and works to commit the new administration to God must urgently be engaged for the glory not to lose or be damaged.
- 22.** I saw the great hand of God coming heavily in this year against a powerful shaker of the world. The Lord is likewise bringing great disgrace to one of those who have multiplied wealth and knowledge to causing global diseases.

These are the words of God by the grace of revelations and prophecies through me, His messenger. May it please Him to make it well for you all in Jesus name.
